

## **Envista Reports Second Quarter 2022 Earnings**

Brea, California, August 3, 2022 – Envista Holdings Corporation (NYSE: NVST) today announced results for the second quarter 2022.

As previously disclosed, on December 31, 2021, we completed the sale of the KaVo Treatment Unit and Instrument business. All results in this release reflect only continuing operations unless otherwise noted.

For the quarter ended July 1, 2022, sales increased 1.3% to \$645.8 million with core sales growth of 4.0% over the corresponding quarter in 2021.

For the second quarter of 2022, net income was \$44.5 million or \$0.25 per diluted share. During the same period, adjusted net income was \$86.0 million or \$0.48 per diluted share compared to \$0.46 per diluted share in the same period of 2021. Adjusted EBITDA for the second quarter of 2022 was \$126.9 million compared to \$122.9 million in the second quarter of 2021.

Amir Aghdaei, Chief Executive Officer, stated, “We delivered another solid quarter achieving core sales growth of 4.0% and adjusted EBITDA margins of 19.7%. Our team continues to utilize our EBS tools to successfully navigate a challenging operating environment marked by significant supply chain disruptions, accelerating inflation, geopolitical uncertainties, and a severe COVID-related lockdown in China. I am proud of how our team continues to build a track record of execution despite the volatile macro environment.”

Mr. Aghdaei continued, “In addition to delivering solid results in the second quarter, we made progress in transforming our portfolio. We closed the acquisitions of Carestream Dental’s Intraoral Scanner (“IOS”) Business in the second quarter and the Osteogenics’ Regenerative Solutions (“Osteogenics”) business in early July. With these two acquisitions we have added important capabilities that further differentiate our portfolio and support our vision of digitizing, personalizing, and democratizing dental care. We continue to demonstrate our commitment to our purpose of partnering with dental professionals to improve lives and to create long-term value for our customers, our employees, and our shareholders.”

### **2022 Guidance**

Given the persistent inflationary pressures, continued supply chain disruptions, and an uncertain geopolitical environment, we currently see additional downside risk for demand in the second half of 2022. We are updating our guidance for 2022 and now expect core sales to grow mid-single digits for 2022. We remain committed to delivering an adjusted EBITDA margin of 20% for the full year.

Please note – We do not provide forward-looking estimates on a GAAP basis as certain information is not available and cannot be reasonably estimated.

Envista will discuss its quarterly results and provide an updated outlook for 2022 during an investor conference call today starting at 2:00 P.M. PT. The call and an accompanying slide presentation will be webcast on the "Investors" section of Envista's website, [www.envistaco.com](http://www.envistaco.com), under the subheading "Events & Presentations." A replay of the webcast will be available in the same section of Envista's website shortly after the conclusion of the presentation and will remain available until the next quarterly earnings call.

The conference call can be accessed by 866-518-6930 within the U.S. or +1 203-518-9822 outside the U.S. a few minutes before 2:00 PM PT and referencing conference ID #9100648. A replay of the conference call will be available shortly after the conclusion of the call. You can access the replay dial-in information on the "Investors" section of Envista's website under the subheading "Events & Presentations." Presentation materials relating to Envista's results have been posted to the "Investors" section of Envista's website under the subheading "Quarterly Earnings." In addition, selected unaudited historical financial information for continuing operations has been posted to the "Investors" section of Envista's website.

## **ABOUT ENVISTA**

Envista is a global family of more than 30 trusted dental brands, including Nobel Biocare, Ormco, DEXIS, and Kerr united by a shared purpose: to partner with professionals to improve lives. Envista helps its customers deliver the best possible patient care through industry-leading dental consumables, solutions, technology, and services. Our comprehensive portfolio, including dental implants and treatment options, orthodontics, and digital imaging technologies, covers a wide range of dentists' clinical needs for diagnosing, treating, and preventing dental conditions as well as improving the aesthetics of the human smile. With a foundation comprised of the proven Envista Business System (EBS) methodology, an experienced leadership team, and a strong culture grounded in continuous improvement, commitment to innovation, and deep customer focus, Envista is well equipped to meet the end-to-end needs of dental professionals worldwide. Envista is one of the largest global dental products companies, with significant market positions in some of the most attractive segments of the dental products industry. For more information, please visit [www.envistaco.com](http://www.envistaco.com).

## **NON-GAAP MEASURES**

All "Adjusted" amounts including core sales growth and free cash flow are non-GAAP items. Calculations of these measures, the reasons why we believe these measures provide useful information to investors, a reconciliation of these measures to the most directly comparable GAAP measures, and other information relating to these non-GAAP measures are included in the attached supplemental schedules. We do not reconcile forward looking non-GAAP measures to the comparable GAAP measures because of the inherent difficulty in predicting and estimating the future impact and timing of currency translation, acquisitions, discontinued products, and any other potential adjustments which would be reflected in any forecasted GAAP measure.

## **FORWARD-LOOKING STATEMENTS**

Certain statements in this press release are "forward-looking" statements within the meaning of the federal securities laws. There are a number of important factors that could cause actual results, developments and business decisions to differ materially from those suggested or indicated by such forward-looking statements and you should not place undue reliance on any such forward-looking statements. These factors include, among other things, the impact of the COVID-19 pandemic, including new variants of the virus, the pace of recovery in the markets in which we operate, global supply chain disruptions and potential staffing shortages, the conditions in the U.S. and global economy, the markets served by us and the financial markets, the impact of our debt obligations on our operations and liquidity, developments and uncertainties in trade policies and regulations, contractions or growth rates and cyclicity of markets we serve, the effect of the intraoral scanner acquisition on our business relationships, operating results, share price or business generally, the failure to realize the expected benefits from the intraoral scanner acquisition or the recent divestiture of our treatment unit and instrument business, fluctuations in inventory of our distributors and customers, loss of a key distributor, our relationships with and the performance of our channel partners, competition, our ability to develop and successfully market new products and services, the potential for improper conduct by our employees, agents or business partners, our compliance with applicable laws and regulations (including regulations relating to medical devices and the health care industry), the results of our clinical trials and perceptions thereof, penalties associated with any off-label marketing of our products, modifications to our products that require new marketing clearances or authorizations, our ability to effectively address cost reductions and other changes in the health care industry, our ability to successfully identify and consummate appropriate acquisitions and strategic investments, our ability to integrate the businesses we acquire and achieve the anticipated benefits of such acquisitions, contingent liabilities relating to acquisitions, investments and divestitures, security breaches or other disruptions of our information technology systems or violations of data privacy laws, our ability to adequately protect our intellectual property, the impact of our restructuring activities on our ability to grow, risks relating to currency exchange rates, changes in tax laws applicable to multinational companies, litigation and other contingent liabilities including intellectual property and environmental, health and safety matters, risks relating to product, service or software defects, risks relating to product manufacturing, commodity costs and surcharges, our ability to adjust purchases and manufacturing capacity to reflect market conditions, reliance on sole or limited sources of supply, the impact of regulation on demand for our products and services, labor matters, international economic, political, legal, compliance and business factors, and disruptions relating to war, terrorism, climate change, widespread protests and civil unrest, man-made and natural disasters, public health issues and other events. Additional information regarding the factors that may cause actual results to differ materially from these forward-looking statements is

available in our SEC filings, including our Annual Report on Form 10-K for fiscal year 2021 and our Quarterly reports on Form 10-Q. These forward-looking statements speak only as of the date of this press release and except to the extent required by applicable law, we do not assume any obligation to update or revise any forward-looking statement, whether as a result of new information, future events and developments or otherwise.

| Core sales growth                            | <u>(4.7)%</u>   | <u>(4.0)%</u>   |

<sup>1</sup> We use the term “core sales” to refer to GAAP revenue excluding (1) sales from acquired businesses recorded prior to the first anniversary of the acquisition (“acquisitions”), (2) sales from discontinued products and (3) the impact of currency translation. Sales from discontinued products includes major brands or products that Envista has made the decision to discontinue as part of a portfolio restructuring. Discontinued brands or products consist of those which Envista (1) is no longer manufacturing, (2) is no longer investing in the research or development of, and (3) expects to discontinue all significant sales within one year from the decision date to discontinue. The portion of sales attributable to discontinued brands or products is calculated as the net decline of the applicable discontinued brand or product from period-to-period. The portion of GAAP revenue attributable to currency exchange rates is calculated as the difference between (a) the period-to-period change in sales and (b) the period-to-period change in sales after applying current period foreign exchange rates to the prior year period. We use the term “core sales growth” to refer to the measure of comparing current period core sales with the corresponding period of the prior year.

See the accompanying Notes to Reconciliation of GAAP to Non-GAAP Financial Measures

**ENVISTA HOLDINGS CORPORATION**  
**NOTES TO RECONCILIATION OF GAAP TO NON-GAAP FINANCIAL MEASURES (UNAUDITED)**

- <sup>A</sup> We exclude costs incurred pursuant to discrete restructuring plans that are fundamentally different (in terms of the size, strategic nature and planning requirements, as well as the inconsistent frequency of such plans) from the ongoing productivity improvements that result from application of the Envista Business System. These restructuring plans are incremental to the operating activities that arise in the ordinary course of our business and we believe are not indicative of Envista's ongoing operating costs in a given period.
- <sup>B</sup> Represents accruals for certain legal matters.
- <sup>C</sup> The international tax credit relates to a ruling from the Brazilian Supreme Court.
- <sup>D</sup> These represent acquisition related transactions expenses and integration costs with respect to business combinations.
- <sup>E</sup> Non-cash interest expense represents accretion of the debt discount associated with the convertible senior notes due 2025. We adopted Accounting Standards Update 2020-06 on January 1, 2022 and as a result there is no longer a debt discount that requires amortization.
- <sup>F</sup> Represents the fair value adjustment related to inventory acquired in connection with the acquisition of Carestream Dental's Intraoral Scanner Business.
- <sup>G</sup> This line item reflects the aggregate tax effect of all pretax adjustments reflected in the preceding line items of the table using each adjustment's applicable tax rate, including the effect of interim tax accounting requirements of Accounting Standards Codification Topic 740 *Income Taxes*.
- <sup>H</sup> The discrete tax matters relate primarily to excess tax benefits from stock-based compensation, changes in estimates associated with prior period uncertain tax positions and audit settlements, tax benefits resulting from a change in law, and changes in determination of realization of certain deferred tax assets.

**Statement Regarding Non-GAAP Measures**

Each of the non-GAAP measures set forth above should be considered in addition to, and not as a replacement for or superior to, the comparable GAAP measure, and may not be comparable to similarly titled measures reported by other companies. Management believes that these measures provide useful information to investors by offering additional ways of viewing Envista Holdings Corporation's ("Envista" or the "Company") results that, when reconciled to the corresponding GAAP measure, help our investors to:

- with respect to Adjusted Gross Profit, Adjusted Operating Profit, Adjusted Net Income, Adjusted Diluted Earnings Per Share and Adjusted EBITDA, understand the long-term profitability trends of Envista's business and compare Envista's profitability to prior and future periods and to Envista's peers;
- with respect to Core Sales, identify underlying growth trends in Envista's business and compare Envista's revenue performance with prior and future periods and to Envista's peers;

- with respect to Adjusted EBITDA, help investors understand operational factors associated with a company’s financial performance because it excludes the following from consideration: interest, taxes, depreciation, amortization, and infrequent or unusual losses or gains such as goodwill impairment charges or nonrecurring and restructuring charges. Management uses Adjusted EBITDA, as a supplemental measure for assessing operating performance in conjunction with related GAAP amounts. In addition, Adjusted EBITDA is used in connection with operating decisions, strategic planning, annual budgeting, evaluating Company performance and comparing operating results with historical periods and with industry peer companies; and
- with respect to Free Cash Flow (the “FCF Measure”), understand Envista’s ability to generate cash without external financings, strengthen its balance sheet, invest in its business and grow its business through acquisitions and other strategic opportunities (although a limitation of free cash flow is that it does not take into account the Company’s debt service requirements and other non-discretionary expenditures, and as a result the entire Free Cash Flow amount is not necessarily available for discretionary expenditures).

Management uses these non-GAAP measures to measure the Company’s operating and financial performance.

The items excluded from the non-GAAP measures set forth above have been excluded for the following reasons:

- With respect to Adjusted Gross Profit, Adjusted Operating Profit, Adjusted Net Income, Adjusted Diluted Earnings Per Share and Adjusted EBITDA:
  - We exclude the amortization of acquisition-related and other intangible assets because the amount and timing of such charges are significantly impacted by the timing, size, number and nature of the acquisitions we consummate. While we have a history of significant acquisition activity, we do not acquire businesses on a predictable cycle, and the amount of an acquisition’s purchase price allocated to intangible assets and related amortization term are unique to each acquisition and can vary significantly from acquisition to acquisition. Exclusion of this amortization expense facilitates more consistent comparisons of operating results over time between our newly-acquired and long-held businesses, and with both acquisitive and non-acquisitive peer companies. We believe, however, that it is important for investors to understand that such intangible assets contribute to revenue generation and that intangible asset amortization related to past acquisitions will recur in future periods until such intangible assets have been fully amortized.
  - With respect to the other items excluded from Adjusted Gross Profit, Adjusted Net Income, Adjusted Operating Profit, Adjusted Diluted Earnings Per Share and Adjusted EBITDA, we exclude these items because they are of a nature and/or size that occur with inconsistent frequency, occur for reasons that may be unrelated to Envista’s commercial performance during the period and/or we believe that such items may obscure underlying business trends and make comparisons of long-term performance difficult.
- With respect to core sales, we exclude (1) the effect of acquisitions and divested product lines because the timing, size, number and nature of such transactions can vary significantly from period-to-period and between us and our peers, which we believe may obscure underlying business trends and make comparisons of long-term performance difficult, (2) sales from discontinued products because discontinued products do not have a continuing contribution to operations and management believes that excluding such items provides investors with a means of evaluating our ongoing operations and facilitates comparisons to our peers, and (3) the impact of currency translation because it is not under management’s control, is subject to volatility and can obscure underlying business trends.
- With respect to the FCF Measure, we adjust for payments for additions to property, plant and equipment (net of the proceeds from capital disposals) to demonstrate the amount of operating cash flow for the period that remains after accounting for the Company’s capital expenditure requirements.
